## CROSS COUNTRY/SNOWSHOE DAY TRIPS SKI BUSES

Throughout the winter season we go on mid week and weekend ski trips. Starting in January these trips will run Saturdays, Sundays, and Thursdays. The group goes by charter bus which picks up members from several locations in the Seattle, Everett, Bellevue, and Federal Way areas. The buses take us to different locations in the Cascade Mountains to ski their roads and trails. Destinations include such areas as: Greenwater, Keechelus Ridge, Cabin Creek, Tonga Ridge, and many others. Once there the bus becomes our lodge, providing warmth and shelter during the day.

A series of ski trips will take us to a different destination each week, providing a constant variety. Each series includes a lesson, and five trips which run every other weekend for ten weeks. Many members prefer to go every weekend, and do this by requesting two series which intermesh. Trail maps are provided for each destination. The maps include information about the distance, elevation gain and difficulty of the many possible tours.

FIVE TRIP SERIES is available as a thank you to those contributing at the "series level" (see donation form)

# One World Outing Club Goals and Aspirations

One World is a nonprofit organization formed to promote and encourage through education and participation an active outdoor lifestyle.

The Association is organized for educational and experiential purposes, including the following: to encourage and facilitate the establishment of educational programs regarding the environment; to disseminate information about sources of material and equipment; to expose the natural environment, its use and protection, to the public; to provide information about natural conditions for well informed, comfortable, and well prepared, excursions into the woods and mountains; to encourage and lobby for access to public outdoor resources for low impact recreational activities, to promote camaraderie and humanity through exposure to different individuals, regions, and cultures to promote and further physical health and well being through an active outdoor lifestyle.

Further it is the purpose of the Organization to educate people in low impact environmentally friendly use of public lands and forests, to advocate for and facilitate a healthy active life style for people of all ages, and to support and encourage people from all walks of life to utilize public outdoor resources that might otherwise be outside their means or beyond their expertise.

## MEMBERSHIP

Joining One World Outing Club makes it easy to get involved with an active outdoor group and to participate in recreational activities. Once a member of the group you have access to several free and low cost features during the winter season including: evening clinics, a complimentary ski lesson, ski/snowshoe equipment purchase assistance or information, area maps, and a chance to meet and ski with others interested in the sport. The complimentary ski lesson is offered on the first trip of each nordic ski series and is taught at the beginning or intermediate level.

MEMBERSHIP .....\$20
