

Fall Rendezvous, Ski Swap, and Fundraiser Event for the Outing Club & the Northwest Avalanche Center

Please join us for the 6th annual Holiday Season benefit for One World Outing Club. Like last year, this is a joint benefit with the Northwest Avalanche Center. Come for the ski swap only or stay for the hors d'oeuvres raffle and slide show. If you are coming to the ski equipment swap bring any old gear you might have laying around and put a price tag on it. The proceeds can either be kept to put toward your new replacements, or donated to the cause! For those who elect to stay for the slide show we will be featuring highlights from last year including, Whitefish, Silverstar, the Italian Dolomites and our Summer Grand Canyon raft trip! All are invited, so please invite your friends and neighbors if you think they might enjoy the event. The ski swap is free (the food and show are \$15).

As many of you know, the Avalanche Center continues to provide weather and avalanche information, as well as avalanche awareness education. The Avalanche Center has provided these reports to northwest skiers for over 30 years and has helped prevent untold accidents and injuries through their untiring efforts to inform and educate about mountain weather and hazards. We rely on their excellent forecasts to help find the best skiing conditions during the winter. One World Outing Club also continues its work to promote outdoor activities, outdoor education, and recreational access to public lands.

This year's benefit will take place at the REI Flagship store in Seattle, which has generously donated the facilities for the evening to our cause. The ski swap will begin at 5pm. The hors d'oeuvres will be put out at 6:30pm, with the slide show to follow. Everyone had a great time at last year's event. This one will be even better, so don't miss out! Please RSVP by 11/23 if staying for the food (see below).
