AUSTRIA

Join us for an unforgettable trip to Austria for a week of nordic skiing this January. With a history dating back to prehistoric times, this village on a plateau not far from Innsbruck was first mentioned in the 1022 charter by Wilton Abbey. Known originally as "Silva Scarinza aput Sevelt" Seefeld, for short, was an important place of pilgrimage and a busy thoroughfare for all kinds of merchants. The Seefeld of today enjoys pilgrimages of a quite different nature; pilgrimages by devotees of winter and summer sports activities. It is, however, the winter activities that interest us, and Seefeld has the facilities for those in rich abundance. To name but a few: 20 cable cars and lifts, a ski school with over 200 instructors providing instruction in both alpine and nordic skiing, 30 indoor swimming pools and saunas, one artificial ice skating rink, one natural ice skating rink, 40 alpine curling rinks, 32 miles of cleared winter walks, eight covered tennis courts, two riding stables, indoor squash courts and a health spa. Seefeld was the site of the cross country ski events for both the 1964 and 1976 Winter Olympics. For cross country skiers, Seefeld is next to paradise. Charles Leocha, in his "Ski Europe" states that Seefeld is their "top choice for all of Europe". The Seefeld plateau ranges in elevation from 3,600' to 6,300' above sea level, and includes nearly 250km. of cross country tracks. Provided: air, rail pass, lodging, most breakfasts. Dates 1/12-1/20 Cost \$1,425
