HIKE JUNEAU TO GLACIER BAY

We will be hitting the highlights of southeastern Alaska on this trip, starting in the capitol city Juneau and finishing up with a cruise to the head of Glacier Bay. This area of Southeast Alaska combines jaw dropping scenery with a colorful past. Rugged, snow capped mountains, steep sided fjords and vertiginous baby blue glaciers cascading down to a series of lush green valleys filled with a wealth of wildlife including Bear, Moose, Mountain Sheep, Black Tailed Deer and the always regal Bald Eagle. The sea teems with life and is home to many species of whale, ranging from Humpbacks and Minke to Orcas, Sea Lions and Porpoises are also common sights. In August there are still prodigious salmon runs in the local rivers as they rush to the sea.

We will be day hiking every day on this trip, distances from four to about seven miles with moderate elevation gains. Along the way we will visit several ocean side towns including Haines below the Cathedral Peaks of the Chilkat Mountains, and Skagway, the tiny town born in the Klondike Gold Rush. From there we will take a train up over the famous gold rush route. We will end up in Gustavus where we will take a cruise ship up Glacier Bay to see where the glacier ice meets the ocean. We will travel by the common local means, train, bush-plane, and ship. Provided: airfare, rail pass, transfers, lodging. Dates 8/25-31 cost \$2,150
