SNOWSHOE DAY TRIPS

About 30 years ago the Sherpa Snowshoe Company started incorporating hi-tech materials into the design of their snowshoes, making them lighter, smaller, and less awkward to use. Since they have been copied modified and improved upon until their are dozens of modern snowshoe manufacturers. The sport has grown so much that many of the better developed cross country ski centers have put in networks of marked snowshoe routs which crisscross the same terrain. With snowshoes slope and proximity of trees is not so important as with skis so the trails can plunge straight down slope to a lake shore or right up a creek valley. On of my favorite trails at Sun Mountain Lodge, Raider Creek, has been converted to a snowshoe route. This was a fast and winding route down the creek valley that feeds Patterson Lake. Come with us for a day on the snow to try this popular sport of hiking on snowshoes. Trail options vary from easy road grades to winding paths. No specific skills are needed but everyone should be capable of spending the day on the trail. Remember to bring a day pack with water and a lunch. Previous experience on snowshoes is not needed. A guide/instructor will spend time with the group in the morning so that everyone has the opportunity to get properly laced into their shoes and be able to start down the path with proper technique. Party members will then be released to travel either at their own pace or stick together as a group. Provided: transit, maps. Dates 1/15, 2/12, 3/4, Donation premium for "Day Tripper" level (\$38+) per day
