### SNOWSHOE DAY TRIPS

About 25 years ago the Sherpa Snowshoe Company started incorporating hi-tech materials into the design of their snowshoes, making them lighter, smaller, and less awkward to use. Sherpa designers integrated a hinged and clawed binding that provides both durability and traction. In the last dozen years several companies have followed Sherpa into the snowshoe business including Feather, Atlas, and MSR. Now there are even snowshoes made specifically for running races and playing snowshoe softball, as well as walking and hiking on snow. Come with us for a day on the snow to try this popular sport of hiking on snowshoes. Trail options vary from easy road grades to winding paths. No specific skills are needed but everyone should be capable of spending the day on the trail. Remember to bring a day pack with water and a lunch. Previous experience on snowshoes is not needed. A guide/instructor will spend time with the group in the morning so that everyone has the opportunity to get properly laced into their shoes and be able to started down the path with proper technique. Party members will then be released to travel either at their own pace or stick together as a group. Provided: transit, maps, orientation. Dates: Sun. 1/4, Sat. 2/7, Sun. 3/8 Donation premium for "Day Tripper" level (\$38+)
